

1. SCOPE

These support terms, including the Appendices, (**Support Terms**) apply to the support services described in these Support Terms (**Support Services**) and provided by Endace Australia Pty Ltd with its registered office at Level 12, 60 Castlereagh Street, Sydney NSW 2000, Australia (**Endace, we, our or us**) to customers who subscribe to those Support Services (**you or your**).

2. INTERPRETATION

2.1 Definitions: In these Support Terms, the following terms have the stated meaning:

Issue or Problem: any failure of a Product to operate in accordance with our specifications for the Product.

Product: a standard Endace hardware or software product.

Response: an Endace support person has received and reviewed your report of an Issue or Problem and has attempted to contact you in order to begin to address and remediate the Issue or Problem. Response time is measured from the time that we receive and review the Issue report. For telephone reports, the response time begins immediately upon receipt of the call. For email and web reports, the response time begins when we review the email or web report, which may be up to one business day after the email or web report is sent.

RMA: a Return Material Authorization, which you must use when returning a Product to us for repair. The RMA is necessary in order for us to identify and keep track of the returned Product.

Support Package: the type of support package that you have subscribed to, either premium, standard or DAG support. A summary of the features of each type of Support Package is provided in Appendix A.

3. SERVICE DESCRIPTIONS

The specific service inclusions, the coverage period and the response times differ according to the type of Support Package that you have subscribed to.

3.2 Hardware Issues: We will address hardware Issues by accepting return of the defective Product and either:

- a. shipping an advance-replacement unit to you, or
 - b. repairing and returning the defective unit to you,
- depending on the Support Package that you have subscribed to. You must obtain an RMA from us before returning any Products. RMAs may be obtained by contacting Endace support. We reserve the right to charge a "no fault found" fee for hardware that is found to be in good working order. We will bear the cost of return shipping for defective hardware covered by a current Support Package.
